

TestFixture

```
graph BT; TestTenseur --> TestFixture;
```

The diagram illustrates a relationship between two classes. At the top is a white rectangular box with a thin gray border containing the text "TestFixture". Below it is a gray rectangular box with a thick black border containing the text "TestTenseur". Two dark blue curved arrows originate from the top of the "TestTenseur" box and point upwards towards the bottom of the "TestFixture" box, indicating that "TestTenseur" inherits from or depends on "TestFixture".

TestTenseur
